

1. *Newtonian quantum gravity.* (Soon be published.)
Reiner Georg Ziefle, *Physics Essays*, 33, xx (2020)
2. *Failure of Einstein's theory of relativity. Part 1: Refutation of the Theory of Special and General Relativity by an Empirical Experiment and by an Epistemological Analysis.*
Reiner Georg Ziefle, *Phys. Essays* 32, No. 2, 216 (2019).
3. *Failure of Einstein's theory of relativity. Part 2: Arguments of Einstein disproving his own theory of general relativity and absurd consequences of relativistic physics.* Reiner Georg Ziefle, *Phys. Essays* 32, No.4, 4 (2019).
4. *The Essence of the Theory of Relativity of Albert Einstein.*
Reiner Georg Ziefle, *Phys. Essays* 31, 279 (2018).
5. *Unification of the four fundamental forces of nature by a binary quantum model.* Reiner Georg Ziefle, *Physics Essays*, 29, 1 (2016)
6. *Failure of the standard interpretation of quantum mechanics: Three experimental falsifications, and a consistent alternative interpretation.*
Reiner Georg Ziefle, *Physics Essays*, 30, 3 (2017)
